

Coddington Learning Center September 2024

Director's Corner

Another school year is underway, and things are getting back to a more normal! Summer break flew by! They are doing a great job getting back into the normal school routine!

The school-agers need to be here by 7:20 if they will be eating breakfast. We leave for Roper at 7:45.

Please make sure that you are using the timeclock to check in and out your child. This is used to prove your child was here for meals during our annual Food Program audit.

It is currently tough to find anybody to work in childcare. We are still looking for a parttime staff member! If you know anybody that is interested, please send them our way.

I would like to remind parents to please make sure that you are taking your child/ren to a room when you drop them off. The mornings are busy and we might not see you if you just clock in and leave the building and we will not know your child is here.

Picture day is coming! Lifetouch will be at the center on the 27th for pictures! They will start with the infant room around 8:00. Feel free to bring in a change of clothes for your child/ren and we can get them changed for their pictures!

With the holidays quickly approaching I just wanted to remind everyone of the upcoming dates the center is closed:

Thursday November 28th

Friday November 29th

Tuesday December 24th

Wednesday December 25th

Jamie

Baby Bees

Hello Baby Bees Families! I can't believe it is September already! It's crazy how fast this year is flying by. The babies are growing so fast! Last month we celebrated Everett's 1st Birthday! Adilyn and Anna have both started to crawl. Weston has become a tummy time master! I am so happy for all of the babies as they continue to grow and gain more skills. Last month we did have to say goodbye to Dani as she is going to school in Chicago. I know the babies had so much fun with her being here this summer and we are all going to miss her. Last month we welcomed our new friend Benton who is 4 months old, we are very happy to have him here! Starting new as well is Cheyenne who will be taking over as full-time teacher assistant spot. We are excited for her to be here and get to know our room!

Eryn and Cheyenne

Toddler Turtles

September is here!! The summer flew by, last month we welcomed Kyreece and Howard into the turtle room! This month the toddlers will be learning about friendship, family, how to work/play together, and community helpers. We will also be focusing on our classroom expectations/routines. Our three main classroom rules are; hands to self, walking feet, and inside voices. The turtles will also learn and practice choose, use, and clean up during play times. We have been working on open hand sharing, asking "please can I have" and encourage you to use these phrases at home to help with the learning process!! We have a lot of turtles starting to use the toilet so we will be really working

Coddington Learning Center September 2024

on potty training this month; please check your child's basket to make sure they have extra clothes in case of spills or accidents. We are hoping for the weather to start cooling off as well so please bring a jacket for those chilly mornings
Picture day will be Friday September 27th. Feel free to bring an outfit for us to change your child into for pictures.
We would like to wish Nova a Happy 2nd Birthday on the 8th!

Amanda and Myka

Junior Jellyfish

Wow we are having fun in the classroom! We have been working on listening when others are talking and raising our hands to be called on. I think their favorite time of day is morning group time, they get so excited when I take attendance. They love to sing the songs and can not wait to hear what they get to help with for the day. We have several learning centers the kids get to play with throughout the day. Last week we learned about making friends. This week we learned about the sun. In our small group we will be learning our home addresses and phone numbers. Please let me know the phone number you would like your child to learn. It's September, we never know how to dress out kids. I go with layers if that helps or leave an extra jacket in the cubby for recess.

Lori

Senior Snails

Hello Snail Families! August was a very exciting month in our classroom. We gained 5 Junior Jellyfish; Elias, Kennie, Lauren, Nora and RJ. We also gained two brand new friends; Maya and

Sofia! We learned about the classroom rules and got used to our new daily routine. We have gotten extremely proficient at our Handwashing Train and sitting for Group Time. We will start this month with our Fun with Friend Unit and our Space Unit. After that we will learn about the new season and we will end the month with our Diversity Unit. Happy 4th birthday to Sofia on the 28th! As always, thank you for your continued support and communication! Happy Fall!

Laura and Emma

School-Agers

We can't believe the school year is back and in full swing! This summer flew by. After school, we will have snack time followed by 30 minutes of homework, study, and quiet reading/writing time for the children to complete any school work they may have. We are looking forward to a fun and exciting school year!
We would like to wish Molly a Happy 6th Birthday on the 14th!

Emma and Lexi
